Dear Mr. Halawani

It was a great pleasure meeting you on Friday in your office. As per your advise, I am putting all the requests together here:

1) We have a garment factory in Handan district in Hebei province. We can produce all kinds of clothing for both men and women. We can undertake any design or quantity. We have special machines for denim jeans.

Our main products are:

Arabian Robs denim clothing (ladies/gents/kids jeans, skirts, frocks etc.)
leisure and sports wear army uniform workers clothes school uniform
rainwear and anything you need home textile

Kindly help us find some solid buyer of clothing in Saudi Arabia

We are open to any form of cooperation with the Saudi buyers.

We can also offer our place for self-manage production.

Please also look into the possibility of inviting potential buyers to visit us so they can see and believe.

2) As I mentioned in the meeting we wish to setup a store to display our products so we can reach more bulk buyers and traders in Saudi Arabia, please look into this matter too and help us realize our plan. (As you know my children will be going to Saudi Arabia for studying Quran, Islam and joining, most probably, King Saudi University some time in the middle of next year, the store idea will be perfect at this moment to support our business and take care of our family there. Your advice and suggestion will be highly appreciated)

3) We also operate salt business in Pakistan. We mine and produce salt for food as well as we also use rock salt for making salt lamps, salt for bath and massage. This salt is also used for making building interior for asthma hospitals, gyms, health care centers and even homes. Please visit : <http://www.mumeizama.com/saltlamps.htm> to learn more about it.

We would like to find salt buyers too.

4) I would cordially invite you to our factory after Ramadan. Please let me know when you feel it's convenient for you to visit us so I can make arrangements with the city mayor and the county heads.

Attached please see the picture of the jacket that we have in stock, the picture names are "JacketWool65T35" and "JacketWool65T35Second". Please also see some of our other products that we made in the past.

Please find a brief intro of the factory and the pictures of the production lines.

Looking forward to hearing from you soon.

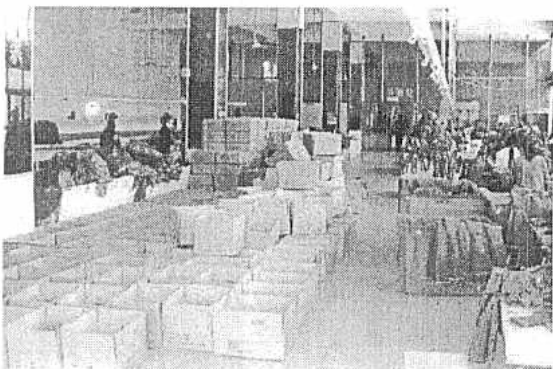

Very Best regards,

Mazhar Alam
